

M12™ 85' High Flex Compact Inspection Camera Kit

3318-22B The M12™ 85' High Flex Compact Inspection Camera Kit features our flexible push cable providing the ability to navigate the tight bends and traps in 1.5" - 4" drain lines up to 85' while delivering the clearest image and easiest inspections. Featuring our 20 mm self-leveling camera head, and the ability to digitally zoom up to 4X and pan, technicians can now see more in drain lines than ever before. (Part# 2051283)

BUY the NEW Compact Inspection Camera or High-Speed Chain Snake during the Schmooze Day and GET an instant \$100 Credit on your US Supply Account!

M12 FUEL™ High Speed Chain Snake for 1-1/4"-2" Pipes

2519-21 The M12 FUEL™ High Speed Chain Snake for 1-1/4"-2" Pipes delivers the most productive, compact way to clear with instant setup. The Chain Snake provides the power to clear up to 35' out delivering full power at max distance. Eliminate the hassle of extension cords, finding electrical outlets, and unreliable drill connections with the Chain Snake that provides access to power anywhere. (Part# 2051698)
